

## DIALOGUE AND DIALOGICAL METHODS ARE ESSENTIAL IN LEARNING GLOBAL COMPETENCE

### PREREQUISITES FOR EFFECTIVE DIALOGUE

- Everyone engages critically but constructively with each other's ideas.
- Everyone offers the relevant information they have.
- Everyone's ideas are treated as worthy of consideration.
- Partners ask each other questions and answer them, ask for reasons and give them.
- Members of the group try to reach agreement at each stage before progressing

## HOW TO ENHANCE DIALOGUE IN DIGITAL ENVIRONMENTS IN TEACHER EDUCATION?

### ENGAGING STUDENTS

- Psychological motivation
- Peer collaboration
- Cognitive problem solving
- Interactions with instructors
- Community support
- Learning management

### FACTORS AFFECTING DIALOGUE IN ONLINE LEARNING COMMUNITIES

- Choice of platform
- Role of the lecturer and the student
- Structure and nature of the learning materials
- Institutional expectations
- Affordances
- Synchronous vs asynchronous.

### CHARACTERISTICS OF ONLINE LEARNING

- **Dialogue:** Self or collaboratively (peer-group) directed
- **Involvement:** Total involvement in the learning activity
- **Support:** Contacts with supervisor
- **Control:** The learner determines the goals and outcomes progress
- **Teacher role:** Facilitator

di

### BEAR IN MIND

- Dialogue is important in any learning process
- Dialogue structures and understanding of learners' online communication behavior is essential
- It is important to understand how students and educators interact online
- appropriate skills should be developed not just knowing the theory but being able to act in practice!!
